LETTER OF RECOMMENDATION FOR STUDENT:

To whom it may concern

I am pleased to write this recommendation letter in support of Belén Abigail Carranza Robles, as a student of the Faculty of Science and Technology, to the which I have had the privilege of knowing and working with her during her training professional establishing a Teacher-Student relationship and knowing their potential as a professional future.

Belén Abigail Carranza Robles has proven to be an excellent person in the personal sphere and as a student has shown to be committed, responsible and attached to the development of their activities, added to this we can point out that he demonstrates conduct without signaling.

He has always shown concern for improving, training and updating his knowledge.

I believe that he is a person who will always live up to his commitments and responsibilities.

Without further ado I leave my contact number for any information interest.
